FlexiDraft™ COOLER

UNDERCOUNTER 10

INSIGHT

The UNDERCOUNTER 10 cooler is made for Micro Matic by a leading beer industry cooler manufacturer specifically to suit the FlexiDraft™ concept. FlexiDraft™ is a concept targeted to provide a cost effective solution for the dispense of draught beers, ciders and wines in small and medium size outlets.

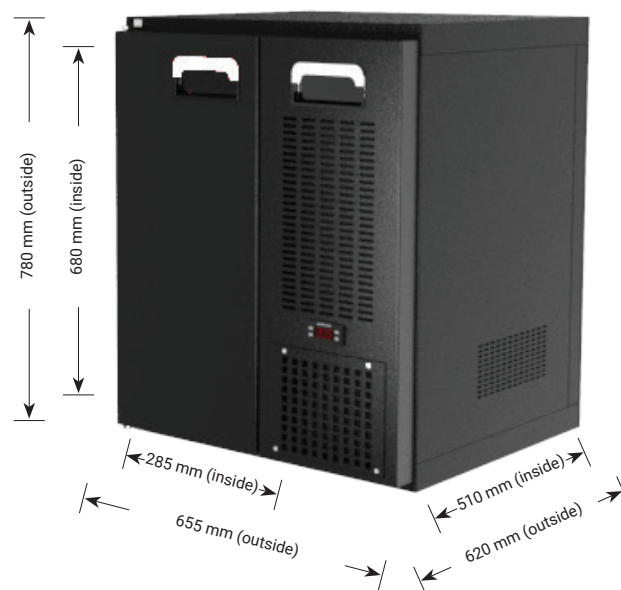

UNDERCOUNTER 10 is easy to install (Plug & Play) and is sized to suit the use of industry standard sized 20 litre kegs. FlexiDraft™ UNDERCOUNTER 10 can be specified with 1 font.
